Mission Statement

The **Rochdale Early Advantage Charter School (REACS)** provides an **Early College Preparatory** program serving students from **Kindergarten** through **Grade 5** (beginning with **Kindergarten** and **First grade** in September 2010). REACS is committed to a balanced multi-literacy approach, educating each student to “*stand out from the crowd*” *intellectually, historical-culturally, digitally, economically, physically, artistically and civically*, in an increasingly diverse and fast-changing global society. Driven by the principles of **PURPOSE**, **PASSION** and **PROFICIENCY**, REACS offers *each student a challenging, college-bound education that develops character and critical thinking* ability infused with *family and social values* to support *lifelong learning, leadership* and *productive citizenship*.

Special Features

Beginning from kindergarten, REACS students will be exposed to various careers. Guided through a step by step cognitive process of familiarization, students will then be able to make timely educational decisions that will provide them with a competitive edge when making college bound choices.

Goals

Our goals reflect our plan to prepare our students to *lead* healthy, whole and productive lives, as critical thinking, intelligent, creative, and giving individuals. The ROCHDALE EARLY ADVANTAGE CHARTER SCHOOL will ensure that all students, including English Language Learners (ELLs) and Special Education (Sp. Ed.) students, will exceed the high expectations set for them in alignment with New York State standards. Specifically, the ROCHDALE EARLY ADVANTAGE CHARTER SCHOOL’S goals are to:

- Ensure that students will meet and/or exceed the standards in English Language Arts (ELA), Mathematics, Science, and Social Studies as they maintain an ongoing focus on college and beyond.

- Regularly assess and evaluate students to track academic progress, utilizing a baseline assessment in Kindergarten and Grades 1 and 2. We will pre-test and post-test skill levels at the beginning and end of each school year. Ongoing assessments will be used quarterly to inform instructional practices, programs, and the attainment of individual goals that are outlined after the baseline assessment.
- Strive to meet the highest expectations of the parents and the community through relationships that place the needs of the students at the pinnacle of all initiatives.
- Demonstrate character, citizenship, and community service through daily and ongoing activities while developing purpose, passion, and proficiency.
